

LOKMAN SARKAR

JUNIOR FULL-STACK DEVELOPER

+8801331457642 | lokmansarkar608@gmail.com | Mirpur, Dhaka-1216

[Github](#) | [Linkedin](#) | [Portfolio](#)

CAREER OBJECTIVE

Backend-focused full-stack developer with hands-on experience building scalable REST APIs, multi-role platforms, payment flows, and cloud deployments using Node.js, Express.js, TypeScript, Prisma, MySQL, Next.js, and AWS. Experienced in real-world product development across healthcare, caregiving, food delivery, e-commerce, and booking systems, with growing responsibility in team collaboration, client communication, and project delivery.

SKILLS

Language: Javascript, Typescript, Python.

Frontend Development : HTML, CSS , Tailwind, React.js, Next.js , Redux Toolkit, Tanstack Query.

Backend Development : Node.js, Express.js, REST API Development, JWT and OAuth, RBAC, Socket.IO.

Database and ORM : MongoDB, MySQL , Mongoose, Prisma ORM.

Devops and Cloud : Git, Github, Github Actions, nginx , VPS Deployment, AWS (EC2, RDS, S3, Cloudfront).

Professional : Team Collaboration, Client Communication, Project co-ordination, Production Support.

PROFESSIONAL EXPERIENCES

Backend Developer - Sparktech Agency

Feb 2026 - Current

- Built and maintained backend modules for production applications using Node.js, Express.js, mongoDB, mongoose, Prisma, MySQL, and modular architecture patterns.
- Collaborated with frontend teams and stakeholders to deliver scalable backend features.
- Assisted in project planning, task breakdown, and progress tracking across modules.
- Communicated with clients to clarify requirements and provide implementation updates.
- Handled debugging, API optimization, code quality, and deployment tasks.

Backend Developer - Icony Unity Group

Dec 2025 - Feb 2026

- Built and maintained scalable REST APIs for a bus ticketing system using Node.js, Express, Prisma, and MySQL with modular architecture.
- Deployed and monitored production on AWS (EC2, RDS, S3, CloudFront) and automated CI/CD with GitHub Actions.

Industrial Attachment on Professional Web Development- Creative IT Institute

Sep 2025 - Nov 2025

- Built and integrated full-stack features using React and Express, handling UI components, REST APIs, state management, debugging, and performance optimization with best practices.

PROJECTS

Mynder — Mental Health Therapy Platform (Team Project)

[Live API](#), [UI](#), [Github](#), [Docs](#) | Mar 2026

- Built a multi-role Mental Health therapy platform for clients, providers, and admins.
- Implemented appointment booking with provider selection, scheduling, and Stripe payments.
- Enabled online session flow with date-based booking and meeting access.
- Developed provider features for availability, pricing, and schedule management.
- Created admin controls for user approval, appointments, and intake forms.
- Implemented real-time messaging and notifications using sockets.
- Added cron-based reminders and automated email notifications.
- Integrated payment and booking workflows in a production-ready system.

Foodies Mama | Multivendor Restaurants and Food Discovery

[Live](#), [Github](#), [Docs](#) | Dec 2025

- Built a multi-role food platform with user, vendor, and admin dashboards, including food discovery with advanced search, filters, and vendor profiles.
- Implemented core features like real-time order tracking, reviews & ratings system, favorites, and profile management.
- Developed vendor and admin controls for menu management, analytics, user/vendor moderation, and order handling.

EDUCATION

Diploma in Computer Science

Feb 2021 - Dec 2025

- TMSS Polytechnic Institute

COURSES AND CERTIFICATIONS

MERN Stack Web Development Career Path Batch 04 - Interactive Cares

Feb 2025 - Sep 2025

Backend Development With Node JS - Thapa Technical

Jan 2023 - Jun 2023

Sigma Web Development - CodeWithHarry

Feb 2022 - Nov 2022
